

Lottie Bourne

VOICEOVER

Hi! I'm Lottie, a multi-award nominated British voice actor with a warm, genuine, gravelly sound and a real love for storytelling.

My work spans animation, video games, and commercial voiceover, with character work where I truly come alive. From playful kids and offbeat oddballs to the occasional friendly dragon, I love bringing characters to life with heart, flair, and a little cheeky sparkle.

Whether you're after a voice that feels like a friendly chat, a quirky character full of personality, or a guiding voice for a corporate project, I bring an authentic sound that connects with audiences.

So wherever you are in the world, let's make something brilliant together.
